Re: Docket No. 2009-473-W/S

I would like to be advised of any changes/filings regarding the above named docket regarding our water and sewer service provided to my home in Tega Cay.

I would also like to request that the Public Service Commission provide a meeting/hearing in the city of Tega Cay to provide easy access for the working class of residents to be able to express their responses to this request for increase prior to the hearing. This has served as a useful tool when the Commission permitted residents to speak at a meeting at our City Hall when there was an increase request in the past.

By the way, I have not received notification from the Water Company. I found the information on the internet.

A handwritten signature in black ink that reads "Donna Britsch". The signature is written in a cursive style with a large, stylized 'D' and 'B'.
